Listed to UL 60950-1/CSA 22.2 No. 60950-1-03, Class 1 Laser Product, FCC Part 15 Class B, CE marked in accordance with Low Voltage Directive, 73/23/EEC and EMC Directive, 89/336/EEC. CB Certified against IEC 60950, Section 508 ADA.

Phaser® 6110MFP

Finally a colour multifunction system that fits your office – and your budget. Convenient, colourful and extremely cost-effective, the Xerox Phaser 6110MFP gives you the features you want for your busy office.

Address Book allows you to store fax numbers and email addresses.

Print files stored on a USB memory device.

Store frequently-dialed fax numbers and enter them with the touch of a few buttons.

All functions are available in colour.

More for less

It's an all-in-one package that includes all the tools you need – print, copy, scan, fax – at one great price.

- Why buy individual devices, when you can get the right combination of office functions in one? The 6110MFP/S model has the three essentials: print, copy and scan. The 6110MFP/X model adds fax.
- Consolidating your office tools into one unit will streamline maintenance and everyday use, and save precious office space.
- Reduce printing costs by taking advantage of cost-saving features like toner-saver mode, N-up printing and manual two-sided printing.
- An energy saver mode substantially conserves electricity when not in use.

Convenient

From installation to everyday use, the Phaser 6110MFP is designed to make office life more efficient.

- You won't believe how small and lightweight a colour multifunction system can be. It will fit right on your desktop or into tight office spaces.
- Set up and everyday use are extremely simple – four mouseclicks for a typical installation is all it takes. Toners are located behind the front panel for easy replacement by users.
- Fully network-ready so that it is accessible to everyone on the office network regardless of platform (PC, Mac, Linux). Handy front-access USB port for direct printing (.prn files) from a USB memory device. Also PictBridge compatible.
- Very quiet operation – making it a great fit for your office environment.
- Xerox CentreWare IS embedded web server allows you to manage, configure and trouble-shoot the device from anywhere using a web browser.

Colourful

Get an unmatched combination of outstanding colour and superb performance.

- 2400 image quality colour adds value and impact to all your communications.
- Keeps up with your office pace with print and copy speeds up to 16 ppm black and white, 4 ppm colour.
- A generous 128 MB of memory allows it to handle complex colour print jobs effortlessly.
- All functions are colour-enabled, including colour scan to email and colour fax.
- Easily scan hardcopy into digital documents and distribute them anywhere: email, USB memory device and directly to an application on your desktop. We've included Nuance® PaperPort® software, at no extra charge, to convert scanned documents to editable files.
- The ID copy feature allows you to copy both sides of an ID document onto one side of paper. The ability to print watermarks, posters and preprinted forms in colour opens up more possibilities.

Designed for ease of use

- ❶ Using the Automatic Document Feeder, you can load up to 50 sheets of paper for one job.
- ❷ Use the single-sheet bypass tray for heavy paper, envelopes, labels, postcards and custom sized media.
- ❸ The standard 150-sheet paper tray feeds 60 to 163 gsm.
- ❹ Optional additional tray adds 250 sheets of input capacity for a total of 400 sheets.
- ❺ USB Memory Port allows use of USB flash memory devices. PictBridge compatible.
