Production performance
with color impact
for the office

WorkCentre®
7655/7665/7675

Productive, flexible and easy to use.

The Xerox WorkCentre 7655 / 7665 / 7675
multifunction devices can easily handle the
output volumes needed for document-intensive
environments. Add to that unrivaled, high
impact color, and you have the versatility to
give your business a clear, competitive edge.

COLOR

The impact of color. *With color, your
business will benefit from one of the
most effective business tools available.*

EASE OF USE

Ease of use, ease of management.
*Your department is instantly more
efficient thanks to the many easy,
yet advanced, user and management
features.*

COPY

Start with copying. *All
WorkCentre 7655 / 7665
/ 7675 devices start with
robust copy capability in
black-and-white and brilliant
color. Security features
and job-based accounting
are built-in.*

PRINT

SCAN

Add network printing. *Make
your WorkCentre 7655 /
7665 / 7675 device a lot
more productive by
networking and adding
affordable color printing
and scanning.*

FAX

EMAIL

FINISHING

Do it all. *Build an integrated
system that includes
internet/network faxing,
scanning and email capability.
Add throughput and finishing
options, customized network
accounting solutions, and more.*

Your processes simplified

- *Xerox Extensible Interface Platform™ (EIP)* technology — a web-based open platform — lets developers build unique solutions for specific business needs.

- *Store scanned documents directly on the device* for exact reprint later, while also retaining the flexibility to change document parameters before reprinting.

- *Scan to searchable PDF* format for universal compatibility and easy archiving, organizing, searching and sharing.

- *Scan to Mailbox* stores files on the device's hard drive, where they can be printed and deleted or retrieved at a user's desktop.

- *Scan to Home* allows scanning to preassigned "home" destinations — such as an email address, network folder or FTP directory — for fast document routing at the push of a button.

Performance to increase productivity

Why crowd the office with multiple devices when one can meet all your needs? The WorkCentre 7655 / 7665 / 7675 multifunction devices have the features you use everyday and the power to be true multitaskers.

75 ppm

- Super-fast copy and print speeds up to 75 ppm enhance productivity regardless of job size or volume. Full color copying and printing is fast – up to 50 ppm color!

- The ability to scan color documents at 50 ppm (80 ppm in black-and-white) allows your department to swiftly scan, retrieve, electronically store and distribute documents.

- Multitasking operation means multiple users can simultaneously perform different tasks – scan, copy, print, transmit faxes and manage the queue – a helpful feature in maximizing business efficiency.

- Nothing gets noticed like color! 2400 x 2400 dpi output resolution with 256 halftones gives your documents unmatched clarity and impact.

Keep the work flowing

You need a machine that works the way you do. The WorkCentre 7655 / 7665 / 7675 devices are packed with functionality and options meeting the needs of any environment.

- Started off with a digital copier and need more functionality? No problem. You can upgrade to a fully-featured advanced multifunction system.

- Optional scanning workflows include Scan to PC Desktop, and scan to searchable PDF, network file server, email, fax and mailboxes on the device. The new Scan to Home feature lets you scan to a secure personal directory.

- Improved scan export compression (MRC, JBIG2) reduces traffic on the network and speeds your documents to their destinations.

- Support for a wide range of paper and specialty media in weights up to 110 lb. cover, and custom sizes up to 13 x 19 in., so that whatever the application, you're ready to print.

- Extensive finishing options are available to increase your productivity, including the Light Production Finisher which adds 100-page stapling, C-Folding, Z-Folding, Booklet Making and post-process page inserting.

Large input capacity of up to 5,260 sheets

2 **3**	**4**	**5**	**6**	**7**
500-sheet universal-size trays	870-sheet letter-size tray	1,140-sheet letter-size tray	250-sheet bypass tray	2,000-sheet optional high-capacity feeder
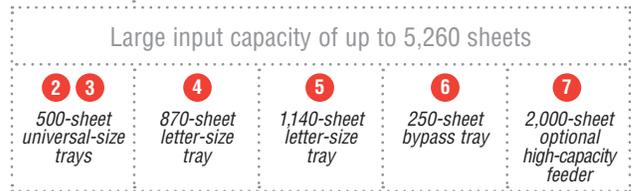

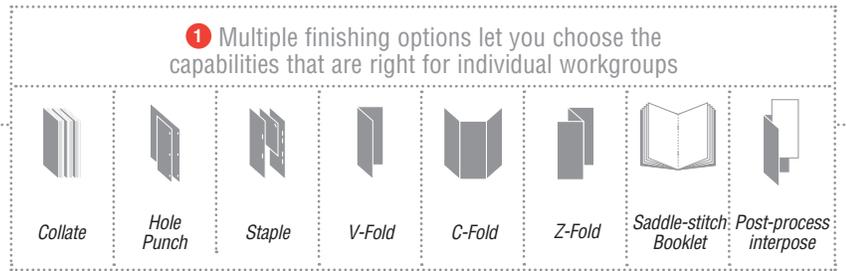

Add the impact of color to important business documents without expensive outsourcing. Strategic color usage gains readership, makes a stronger first impression, increases memory retention and boosts sales.

Outsourced quality produced in-house...

- Get unbelievable image quality with a resolution of 2400 x 2400 dpi and 256 halftones.

- Emulsion Aggregate High-Grade toner delivers a professional glossy finish on documents where impact is the key. Trickle Charge Development (a Xerox innovation) maintains high image quality throughout the job.

...and color under control

- In mixed color/black-and-white documents, you only pay for color on pages that use color.

- Regulate access to color to control costs. Allocate color-page limits by user, department, etc.

- Built-in reporting functions let you track how much color you're using on all services – print, copy, scan, fax and email – making color use decisions easier in the future.

Intuitive, bidirectional print drivers provide easy access to all output functions.

Easy from end to end

Running complex jobs doesn't have to be complicated. From the large touchscreen interface and bi-directional print drivers to simple job-based reporting and accounting tools, the WorkCentre 7655 / 7665 / 7675 devices are designed with reliability and ease of use in mind.

- Installation is quick and easy. Network administrators can "clone" the configuration for simple installation of multiple units.

- User intervention is kept to a minimum. Two black toner cartridges means toner lasts longer and can be replaced on the fly. And SMart Kit™ technology ensures the device is kept up and running.

- Advanced device management software makes it easier to ensure your system is running smoothly.

- Xerox Standard Accounting software provides job-based accounting features for greater cost control of printing, copying, faxing and scanning.

- The Smart eSolutions system simplifies ownership, with hands-free, hassle-free, secure administration of Xerox devices for automatic meter reads and supply replenishment.

Security

Robust security features let you restrict access, manage usage and ensure confidentiality.

- **Network Authentication** restricts access to scan, email and network fax features by validating user names and passwords prior to use. With Audit Log capabilities you'll know who sent what and when.

- **Secure Print** prevents unauthorized viewing by holding jobs in the queue until a PIN is entered, releasing documents to print. Secure Print job submission utilizes IPsec.

- **Image Overwrite** eradicates data by overwriting the disk surface with patterns of data.

- **Embedded Fax** prevents unauthorized device access via the fax subsystem. There is complete separation of the fax telephone line and the network connection.

- **Device Access Password Protection** ensures administrative set-up screen and remote network settings cannot be viewed or altered without authentication.

- **IP Address Restriction** (IP Filtering) controls communications with specific network clients. Operates in IPv4 and IPv6 environments.

- **Secure Scan** transmits files using HTTPS (SSL).

- **Secure Device Administration** with HTTPS is enabled through CentreWare.

- **802.1x Port Based Network Access Control** ensures that devices that are connected to the network have the proper authorization.

- **Secure Access Unified ID System** enables users to log-in at the device with their magnetic or proximity ID card for secure access to functions that need to be tracked for accounting or regulatory requirements.

Imagine the possibilities...
if you could make your multifunction printer work the way you work

The world is changing. There's constant pressure to do more with fewer resources. You know your business better than anyone. Now your multifunction printer can adapt to fit the way you work, not the other way around.

Your Xerox multifunction printer is now more productive, and your work processes are streamlined. Menus and languages specific to your business or workgroup, such as "fax to accounts payable" or "submit to claims department" can appear on the touch screen of your MFP. Xerox Extensible Interface Platform, or EIP, is at the heart of this. It enables a variety of applications that extends the power of your MFP by allowing you to securely find, save, print and share critical information with just a few easy steps right on your system's touch screen. That's Xerox, working for you.

The possibilities are endless.
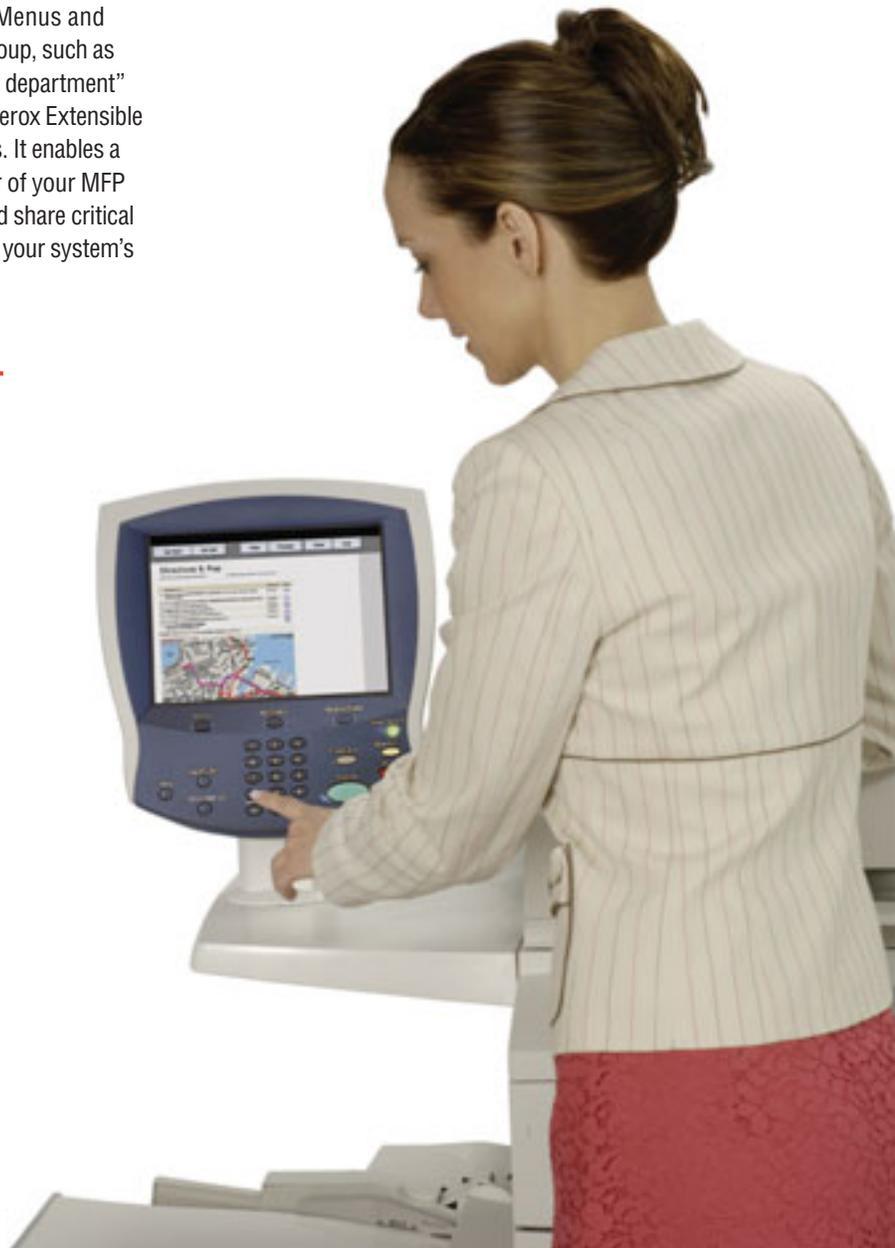

Xerox Solutions made easier

- **Access and print information without the use of a computer**
- **Simply scan information and store it exactly where you want it**
- **Control costs with user-friendly accounting right from the device touch screen**
- **Display customized user preferences on the touch screen with the simple swipe of your ID card**
- **Simplify the process for complex fax distributions**
- **Improve your device management processes with custom displays**
- **Connect with a variety of advanced partner solutions created with your business in mind**

Printing Solutions

Imagine being able to access and print information without the use of a computer. Need your company's latest price list or a brochure on this week's hottest-selling product? Simply use the touch screen on your MFP to browse an online repository such as Xerox DocuShare®, Microsoft SharePoint® or Windows folders, select the document, and print it. No need to keep filing cabinets filled with material that quickly becomes outdated.

Scan to repository   Scan to file

Print   Scan to email

Scanning Solutions

Put your documents on autopilot. Transform hard copy forms into digital information with just a few simple steps. A new patient at a doctor's office fills out a medical history form, the receptionist securely scans the form, previews a thumbnail image on the MFP's touch screen and then sends the form to a folder named Patient Records. EIP-enabled applications make it possible.

Accounting Solutions

Control your printing costs. With Xerox accounting solutions you can set limits on the quantity of print, copy, scan and fax jobs individual users can make. Track MFP usage through a printed report, file download, or integration with a partner accounting solution.

Security and Authentication Solutions

The security of both your documents and your network resources is paramount. Xerox makes it easy for you to ensure that only authorized users access your MFPs. Protect the security of confidential documents with passwords or access cards.

Fax Server Solutions

Fax server solutions provide faxing capabilities even when a fax board has not been installed in an MFP. Faxes can be scanned in at the MFP or submitted from a user's desktop using a fax print driver. Sent and received faxes can be tracked and audited to ensure regulatory compliance.

Device Management Solutions

Xerox lets you manage and administer your Xerox MFPs easier and quicker. Use Xerox and industry-standard management tools to install, configure, report and troubleshoot devices on your network.

Partner Solutions

Xerox EIP enables an array of Business Partner solutions that extend the value of the WorkCentre 7655 / 7665 / 7675 series with advanced accounting, faxing and scanning capabilities.

Scan Scan speed (with DADF)	80 ppm black-and-white / 50 ppm color		
Scan options	Network scanning, Scan to email, Scan to PC Desktop®, Scan to Mailbox, Scan to searchable PDF and XPS		
Other Options	Foreign Device Interface, Xerox Copier Assistant, USB 2.0, Xerox Secure Access Unified ID System, Xerox Extensible Interface Platform (EIP)		

Xerox paper and specialty media

Xerox offers a broad portfolio of digitally optimized paper and specialty media, making it easy for you to maximize the capabilities of your WorkCentre 7655 / 7665 / 7675 device. You'll have the flexibility to create a variety of applications, such as customized newsletters, posters, brochures, labels, ID cards and durable documents.

Unrivaled service and support

Behind every Xerox product is a large customer support network that's unrivaled in the industry and available when you need it. Xerox service professionals use leading-edge technologies to keep you up and running. They're even linked to the engineers who designed your product, so you can be confident when you choose Xerox.
